Deliberately Modern
3BHK Flats in Jayamahal

Designed for a select few.

After building homes for Bangalore's IT professionals, we realised there was an opportunity to serve a different kind of customer. People who own businesses in the city centre

and industrialists with factories around Peenya have limited access to suitable modern apartments in the quaint older localities around the central business district.

14 Apartments

A deliberately small community

Work Pods

Optional detached private offices

You love the charm of old Bangalore, so boldly call it home for the next few decades.

Tucked away in Jayamahal.

'Livingwalls Olde Town' is tucked away in the familiar upmarket locale of Jayamahal. Jayamahal has long been sought after as

a quiet residential area. The property we have handpicked in Jayamahal is best suited to serve a small community of residents.

5km
from CBD

If you own stores
in the CBD

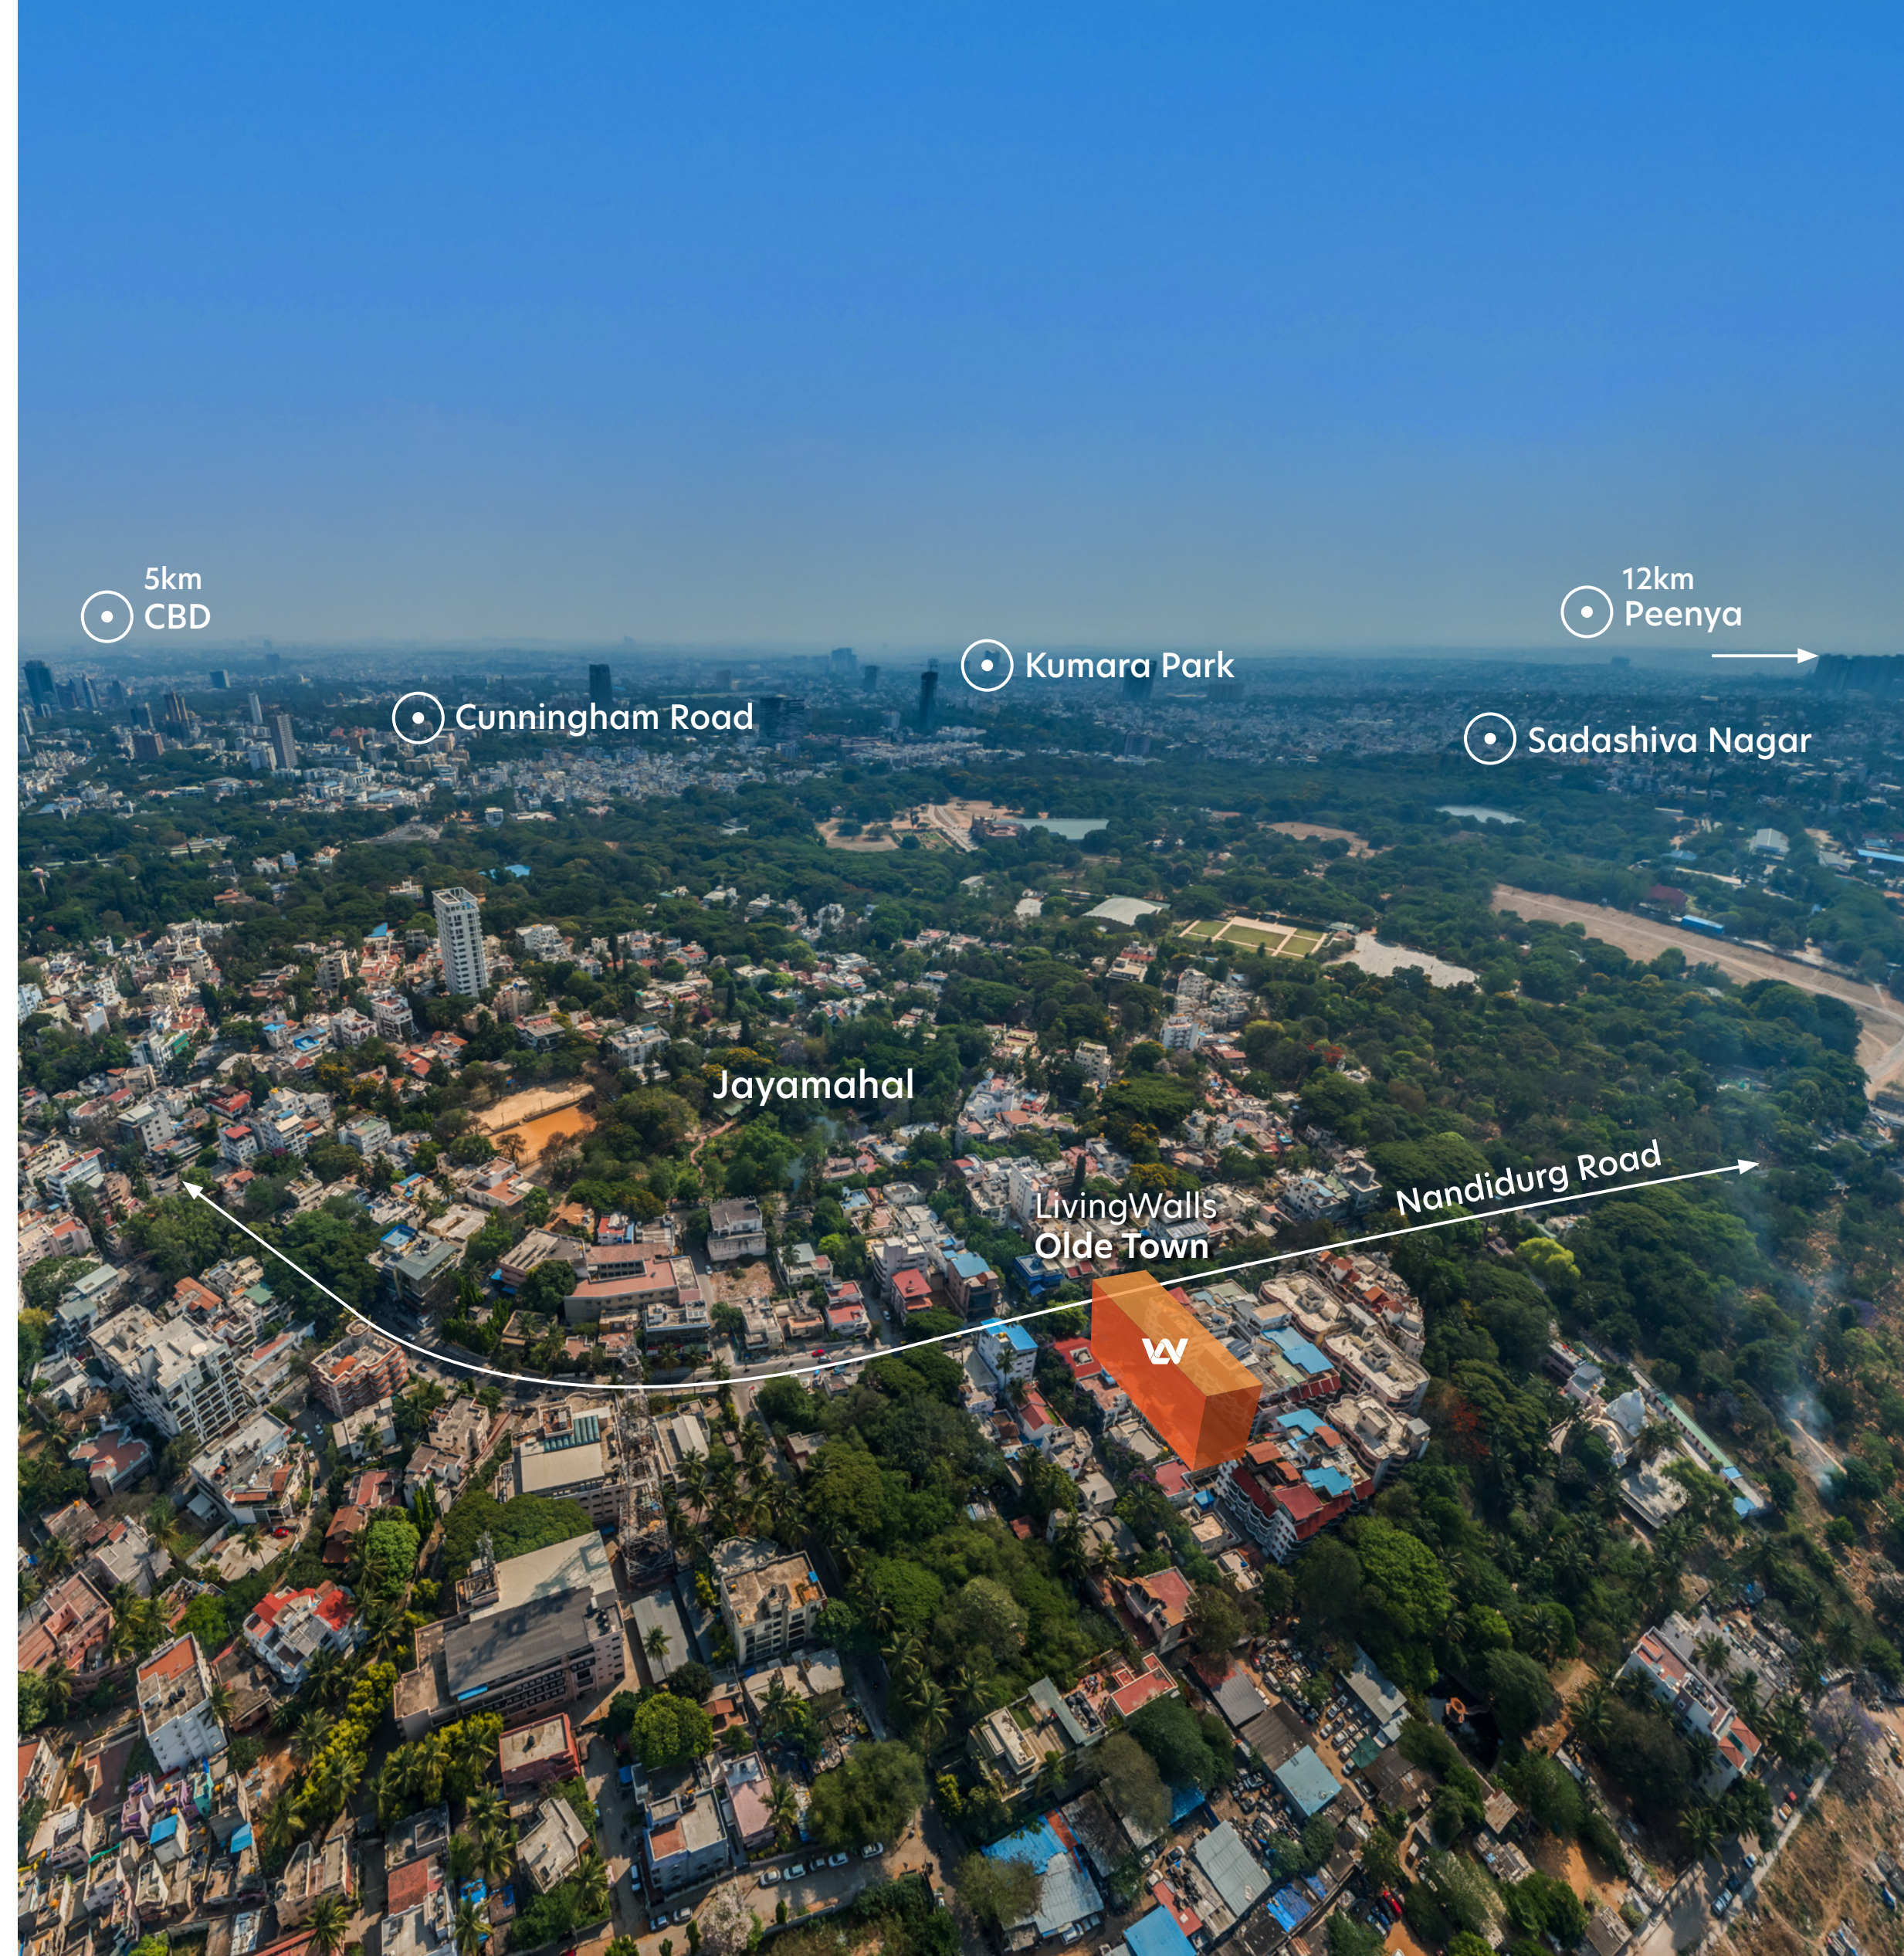

7km
from Manyata

For our IT/ITES customers

12km
from Peenya

If you drive to your
factory everyday

It's Jayamahal. Do we need to say more?

Deliberately modern.

The unapologetic modern lines of the building are intentional. The slatted front facade in corten steel adds to this

aesthetic. As a material choice, corten steel is a resilient form of steel that ages very well, looking better as it weathers.

Balcony Gardens

Your private garden.

Two Basements

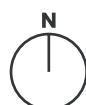

Two car parks for each apartment.

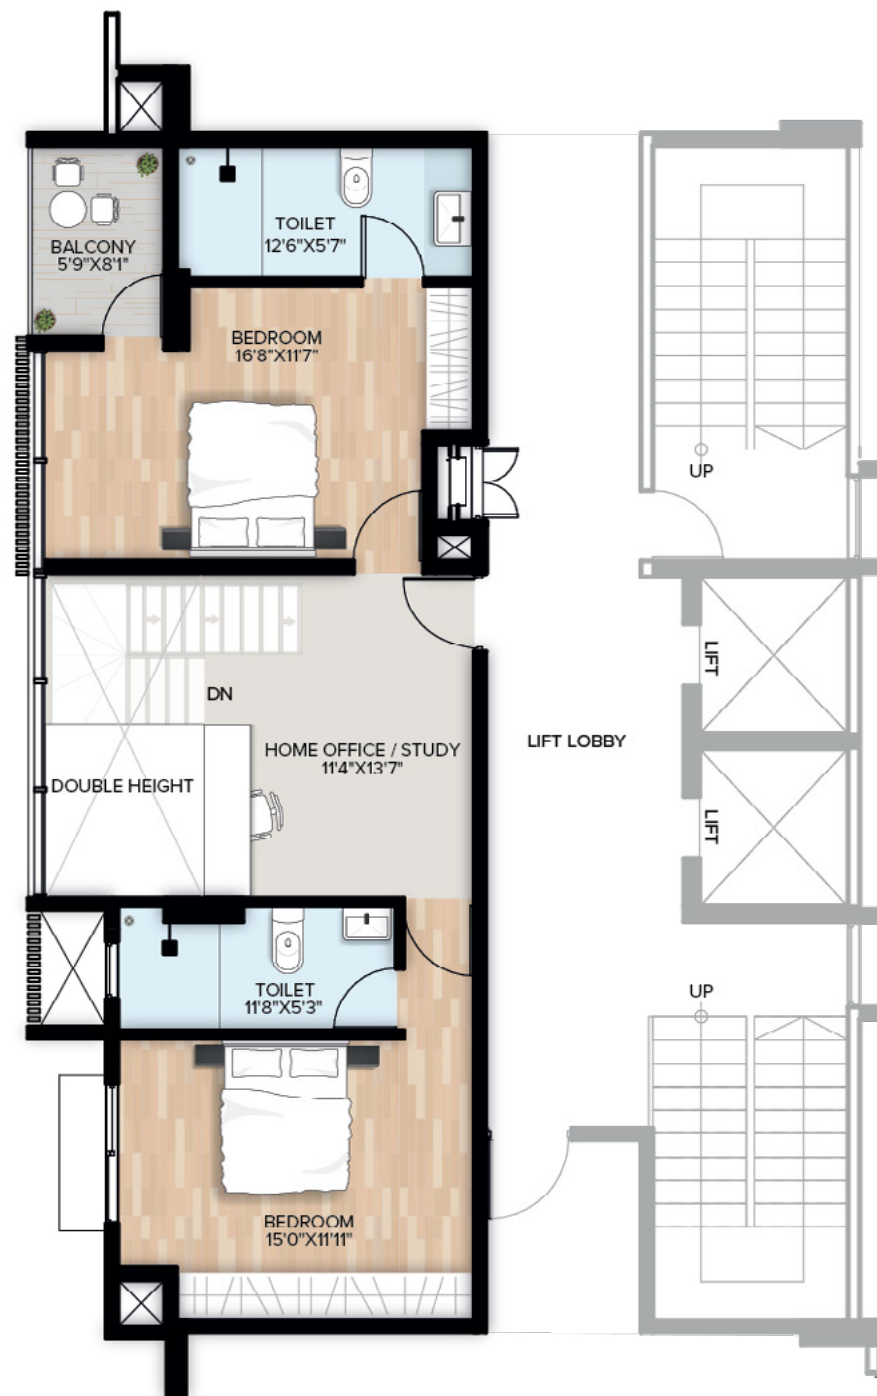

Corten Steel Facade

A modern slatted frontage built with corten steel.

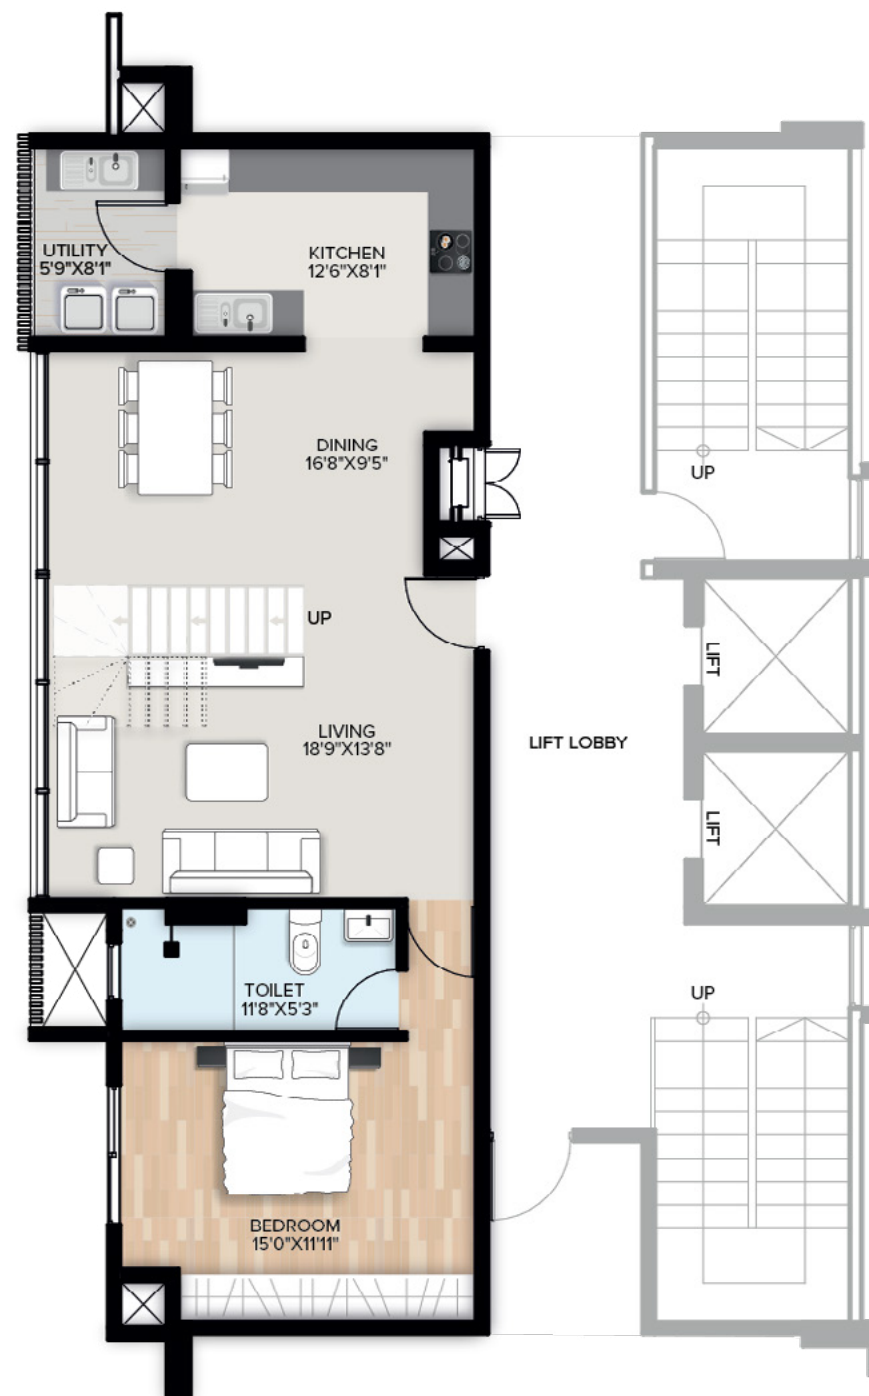

Rooftop swimming pool

Placed for best privacy.

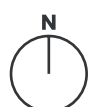

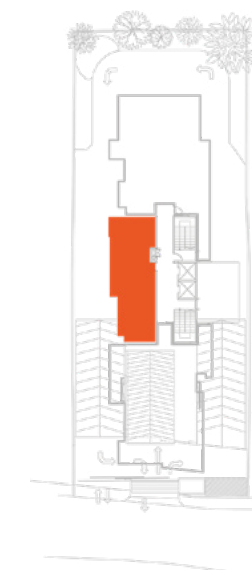

Upper Level

Lower Level

3BHK Duplex Plan 2500sft to 3264sft

- Open plan living & dining
- Double height glazed window
- East facing entrance
- Vastu Compliant
